

Activity Playgrounds offers a wide range of colours and finishes to suit any environment.

Please note that actual colours and design may vary slightly due to different device screen settings, the lighting in the installation location, slight differences in product finishes over time and other factors outside our control.

STEEL POWDERCOAT

For steel posts & play components, our range of tough, durable powdercoat colours provides choices from bright primary colours through to muted natural tones.

STEEL PLATFORMS

Available in Aztec Silver

TIMBER STAINS

All timber is supplied in natural stain as standard, with Merbau and Walnut available upon request.

ROTOMOULDED PLASTICS

Our heavy duty rotomoulded plastic components provide strength and durability in a selection of colour choices that complement our powdercoat range.

FIBREGLASS SLIDES

For wave slides of all heights, these fibreglass finishes will complement our standard powdercoat selection or create a great highlight.
